Recruitment Overview:

Applicant volume, source, & program trends

Counselor Engagement:

Engagement impact on admit outcomes

Admissions Funnel:

Stage-by-stage conversion & admit rates

KPI Summary:

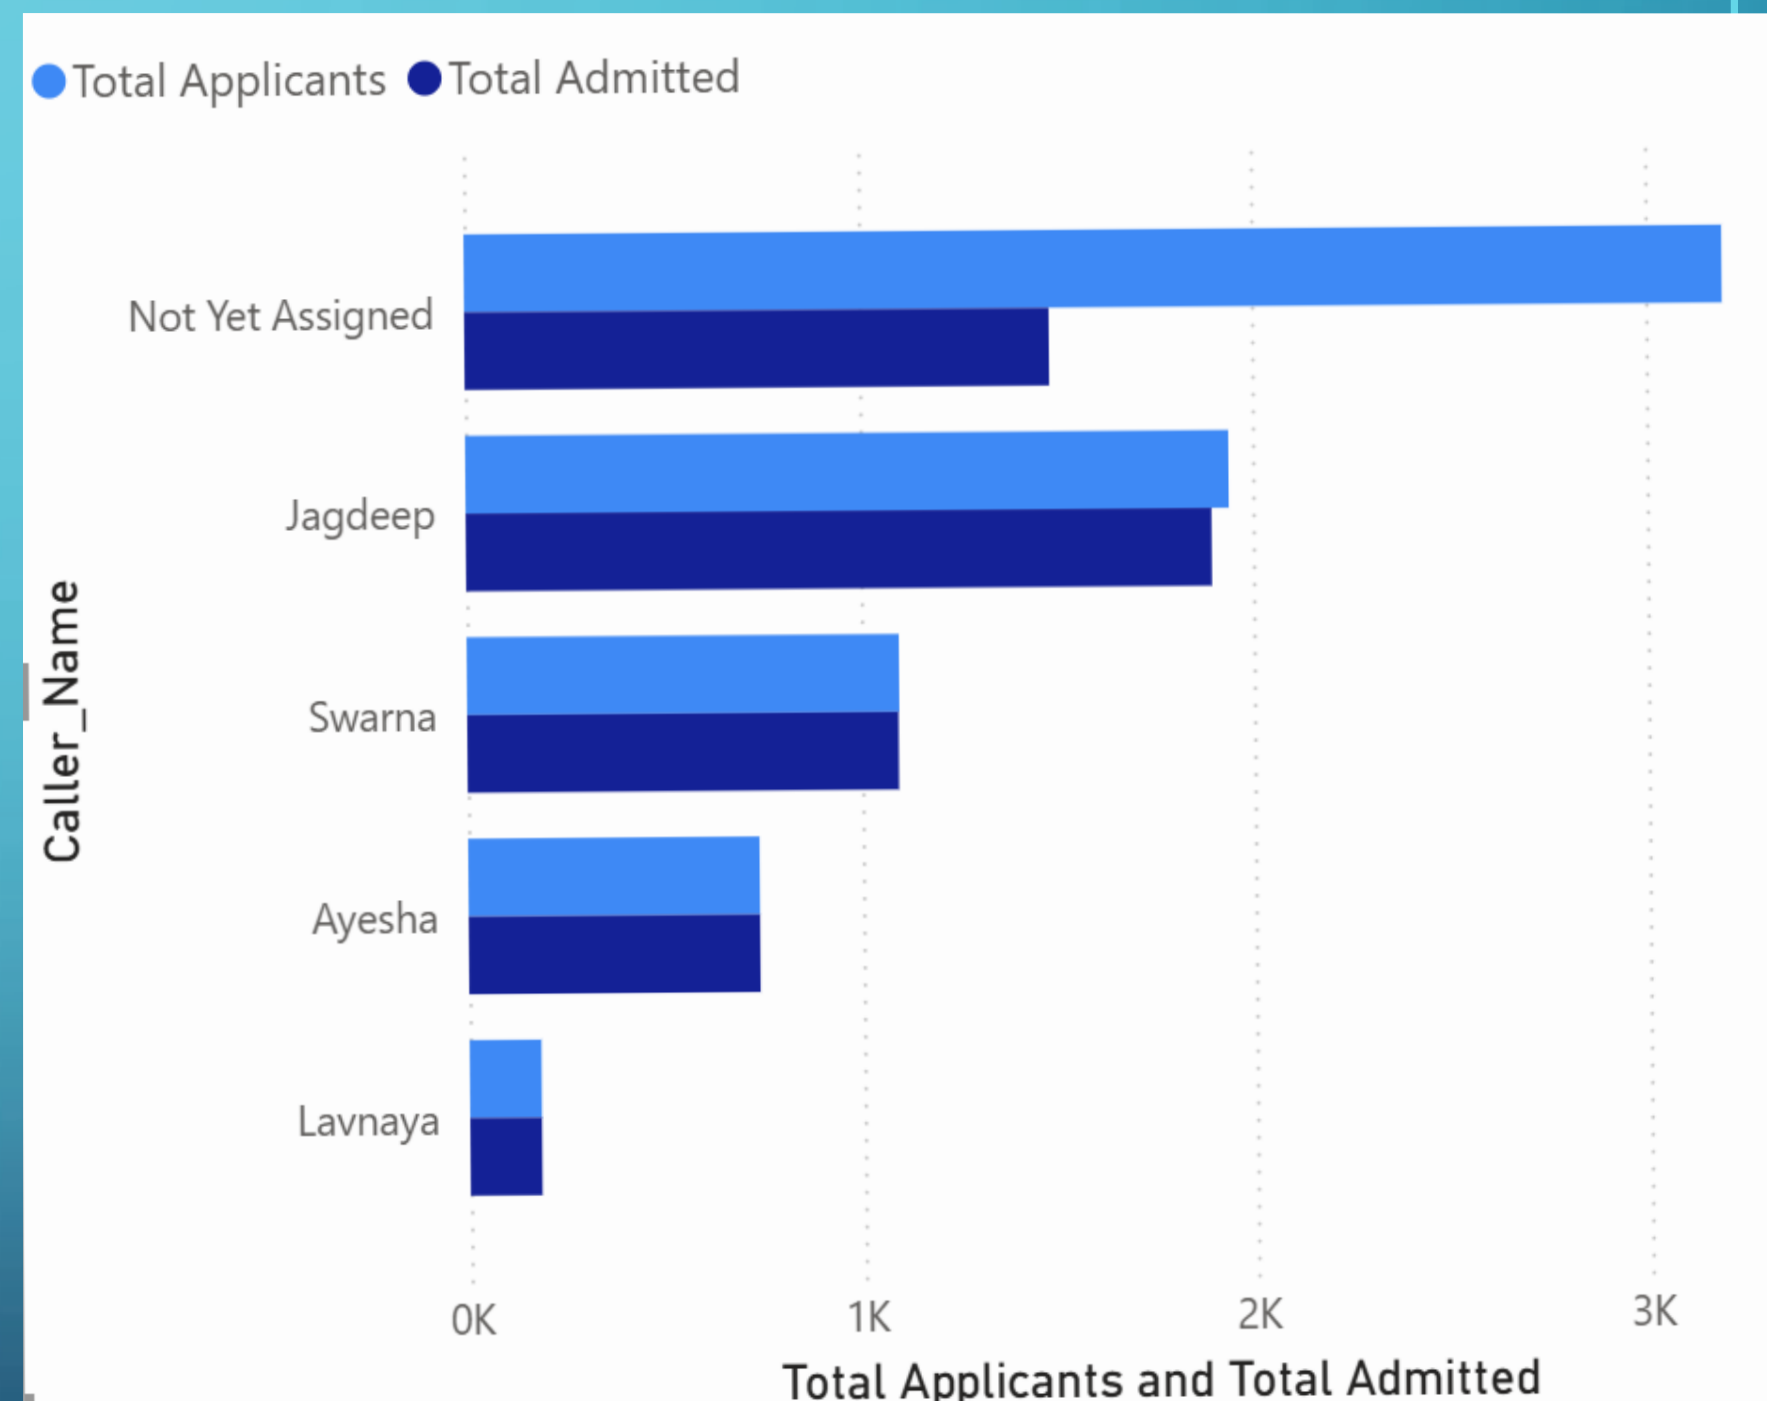

7,151 applicants tracked across all metrics

↑ KEY BUSINESS INSIGHT

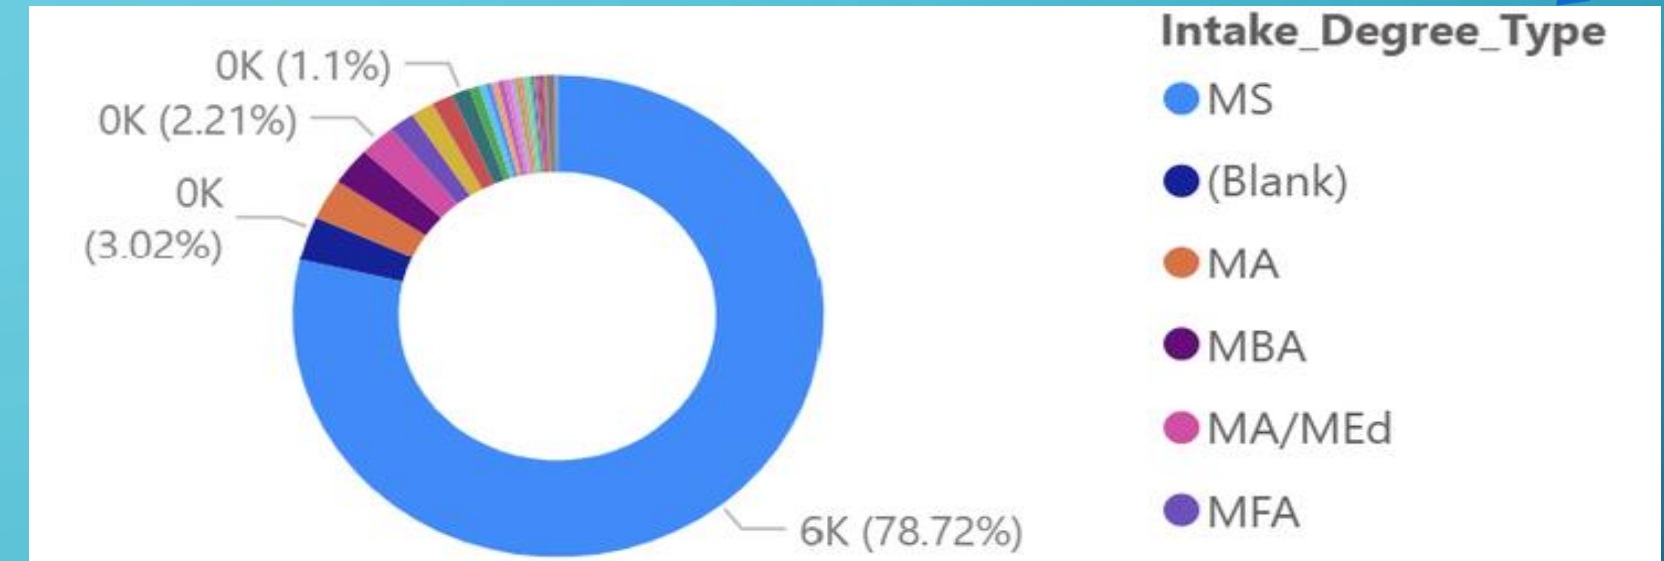

Engagement Drives Admissions Success

Applicants engaged by counselors achieved a 98.8% admit rate, compared to just **46.6%** for unengaged applicants — a **52.2** percentage point gap.

This finding confirms that proactive counselor outreach is the single most critical driver of admission outcomes across all programs and demographics.

SUPPORTING ANALYSIS

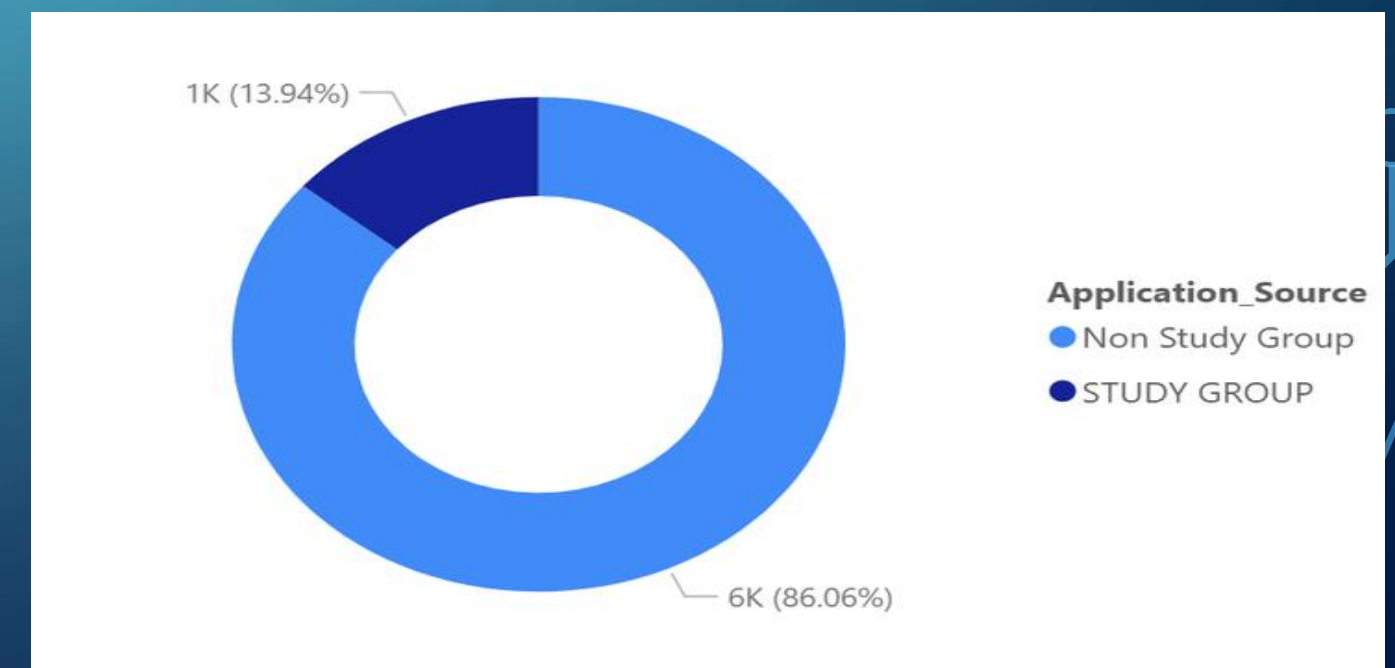

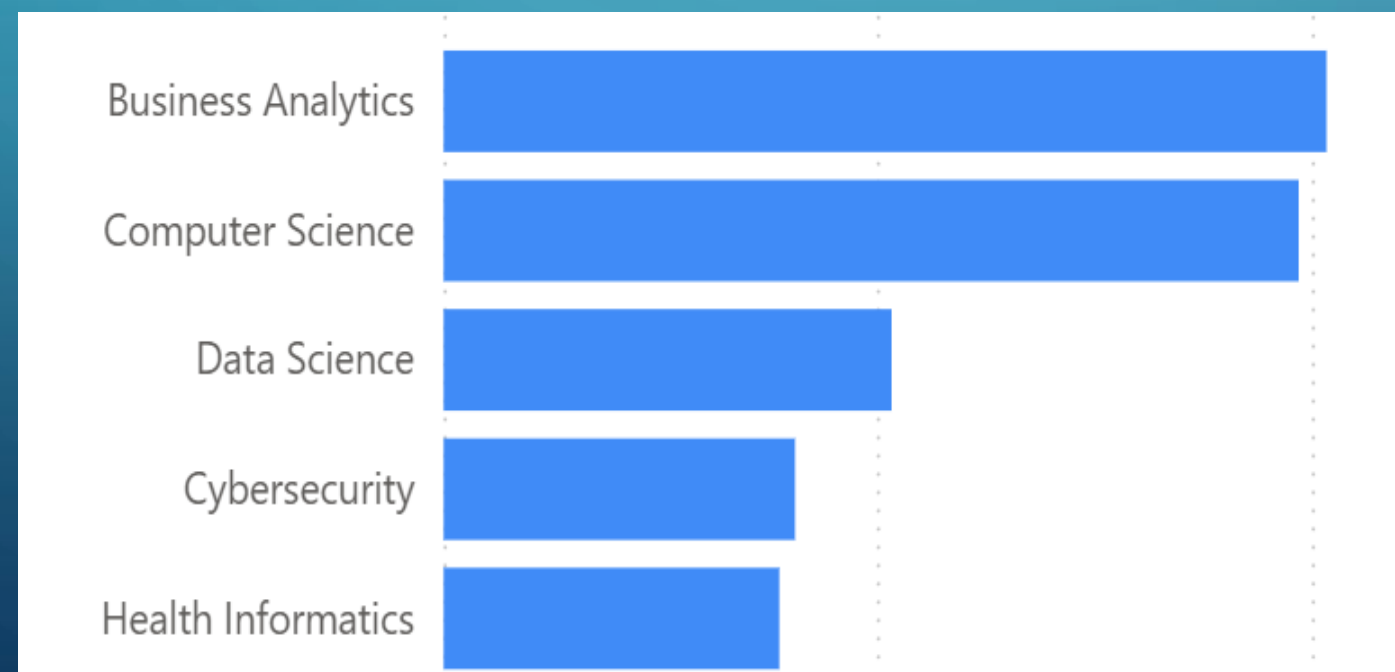

India accounts for 61% of all applicants — the dominant source country

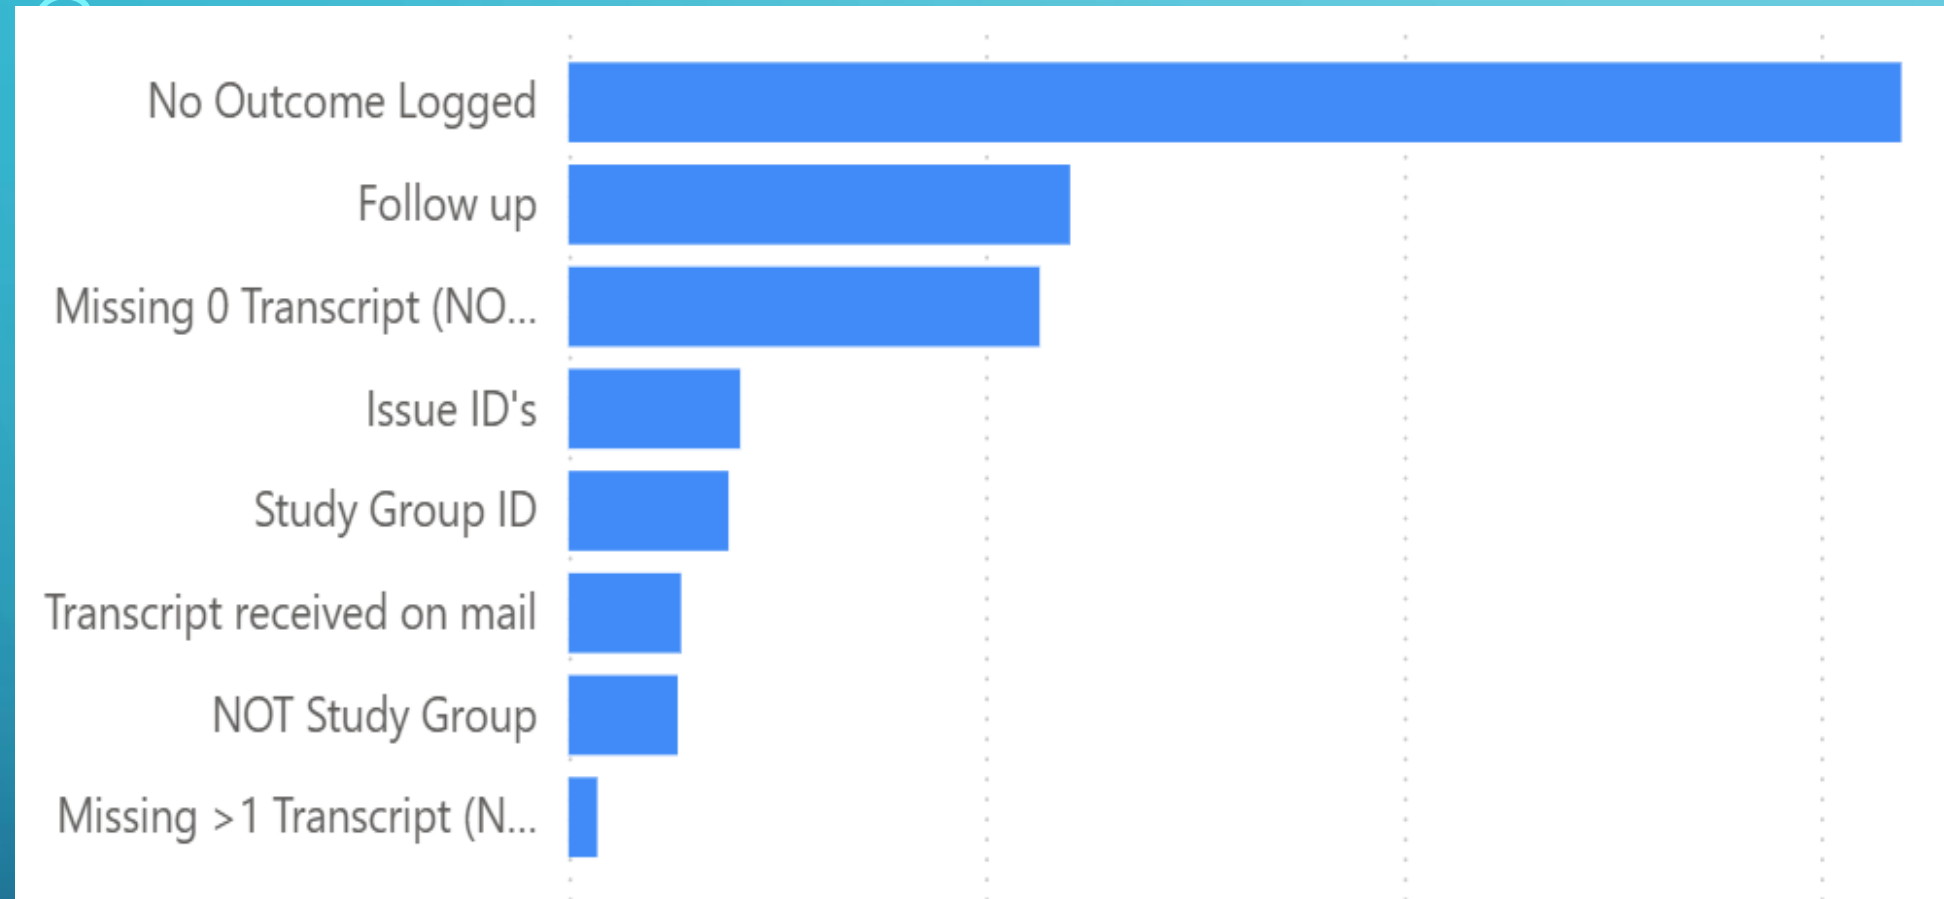

Business Analytics & Computer Science are the top enrolled programs

MS degree: 79% of all applicants

Non Study Group applicants represent 86% of the applicant pool

↑ OPERATIONAL CHALLENGES & OPPORTUNITIES

- 1 3,194 Unengaged Applicants Identified
- 2 1,199 Applicants Require Follow-Up
- 3 1,126 Missing Transcript Records
- 4 Counselor Outreach Gaps Detected
- 5 Pipeline Bottlenecks Risk Yield Loss

Key Operational Findings

Over **3,194** unengaged applicants represent a critical risk to enrollment yield. Targeted intervention through **follow-up outreach and transcript resolution** can significantly improve admit and enrollment rates.

RECOMMENDATIONS & STRATEGIC ACTIONS

Recruitment:

Target high-yield regions; expand India outreach pipelines

Admissions Ops:

Resolve 1,126 **missing transcripts**; automate follow-up alerts

Counselor Mgmt:

Re-engage 3,194 unengaged applicants via **counselor outreach**

Data Strategy:

Standardize data entry; maintain Power BI dashboard monthly
